## Choirs held as hostages until food trucks filled

The churches of Crawford County will be holding a special food drive to stock the shelves of the Crawford County Community Christian Help Center, James Street, next to the Rite-Aid Pharmacy, on Saturday, October 10, 10 a.m. to 3 p.m. in the Glen's Market Parking Lot.

The community is invited to bring canned goods, peanut butter, 8 qt. dry milk, spaghetti sauce, cans of fruit, tuna, soup, 16 oz. spaghetti or

macaroni, macaroni and cheese, syrup, cereal, or saltines, to help fill the trucks which will be waiting in the corner of the parking lot.

In support of the project, the choirs, and musical talent of the churches will be performing in the lot, and encouraging the customers to support the pantry.

The choirs will be held hostage in the parking area until the trucks are filled with food.

## Local wrestling champ wins Toughman title

By Kate Rowan

For a three-time collegiate, All-American wrestling champion, what more is there after school?

For John Solomonson, '83 Grayling High School graduate, his titles in college and his state championship in high school were only the beginning. On September 26, Solomonson won first place and \$1,500 in a Sault Ste. Marie Toughman Contest.

"I basically got involved because it's still one-on-one competition, and it's not wrestling season," Solomonson said. "This is my first year."

Solomonson's wrestling skills do not benefit him as much as his recent training under Gary Hasson, a local Akido and Karate teacher.

"I give a lot of credit to him, he trained with me after I came in month and a half ago," Solomonson said.

In the Traverse City fight he came in

second, losing to a man who used to fight in the Army and fought at least 300 fights. He lost by a decision.

After this loss, Solomonson began training harder. Karate training is not enough to win in this sport, he said. Boxing skills are necessary to compete in this type of an event.

"The rules in a Toughman contest are just like boxing, you wear 16 ounce gloves and foot pads, like in kick boxing," Solomonson said. "Anyone can fight in three classes. So far I've found the middle weight to be the toughest because every one tries to drop their weight class so they can avoid any retired pros."

Solomonson is just beginning his Toughman career and is looking towards expanding his fights to include some down state.

"When you start making money for the things you like to do," he said, "I'm hooked."

## Local school children, Red Cross chapter help hurricane, typhoon, war victims

In its latest press release, the American Red Cross (ARC) reports that it is assisting victims of Hurricane Iniki in Hawaii, where 13,595 homes were destroyed or damaged. Through September 24, three shelters remained open housing 35 people; 9,268 meals were served on September 23, for a total of 120,570 meals served to this date.

For victims of Hurricane Andrew—Florida, 3,643,330 meals have been served; eighteen service centers are still open, caring for 31,194 families. A total of 8,425 paid and volunteer workers are currently working in Florida. In Louisiana, 892,172 meals have been served, and service centers have handled 7,593 disaster cases. There are 2,702 ARC working in Louisiana.

In Guam (Typhoon Omar) a cumulated total of 280,979 meals have been served, and 5,096 families have been assisted. There were 932 ARC workers serving in Guam. Of the thousands of ARC volunteers in these four disasters, 74 percent have been volunteers. In a recent New York Time/CBS News poll for Florida residents, eighty percent of Dade County respondents said that ARC responded adequately to Hurricane Andrew, while 14 percent said that the ARC could have done much better. The Red Cross is doing all it can to revitalize its Disaster Services to build a state-of-the-art program to ensure a rapid response to all major disasters.

In Africa the ARC continues with relief efforts to help all those it can, distributing food, clothing, and shelter to the victims of the worst drought in living memory. Over ten million people are endangered by failing crops, food scarcities, and lack of water.

In Bosnia-Herzegovina, ARC has distributed over 1,900 million tons of

relief (family food parcels, bulk food, plastic sheeting, soap, detergent and blankets) plus medical supplies. Throughout the Serbian, Croatian, former Yugoslavia areas, relief is being given to those in need, as quickly as possible. In addition to aiding those in need with food, clothing, and shelter, the ARC is actively engaged in tracing and location of disaster victims, and handling Disaster Relief wherever needed around the globe. ARC has continued to help those in need in our own county, and also continues with

its programs such as HIV/AIDS Education and Prevention, Safety Services, Nursing/Health Services, Water Safety Services, Blood Services, Service to Military Families & Veterans, and many other programs.

Last week, the students of the Second Grade, Grayling Elementary School, under the direction of their teacher, Karen Rauch-Smock, collected and donated \$109.17 from their own bake sale. To date, \$2,489.17 has been forwarded to Red Cross from area residents who care. The Red Cross

estimates disaster relief costs will exceed one hundred million dollars. Perhaps you have responded already to our urgent appeals for help. If you have, we are deeply grateful. But we must seek your help again now. With your immediate response, the American Red Cross will give hope, encouragement, food and shelter to thousands of disaster victims.

Contributions can be sent to the Crawford County American Red Cross Chapter at PO Box 649, Grayling, MI, 49738.

## KCC gains extra classroom space by remodeling old President's home

At a special board meeting on September 28, Kirtland's Board of Trustees voted to remodel the old President's home owned by the College into a Continuing Education Center.

Mike Wahl, director of Institutional Support Services, recommended that the Board accept the low bid of \$175,850 offered by AuSable Construction of Grayling to enlarge the old President's home into two large classroom/meeting rooms and an art gallery. In addition to the remodeling bid is a folding door in the main classroom/meeting room and a new water supply well for an additional

\$9,709.

"We gain space in general areas by doing this," Wahl said. "First, the library has been used as an art gallery; we will gain badly needed library space and have a more appropriate gallery to display student work. Second, we will gain the use of the Community Services Room in the Student Center as a badly needed classroom. With a 13% increase in students, our space is maxed out. For \$56.75 per square foot, we will get 3270 feet of usable educational

space in a building that previously was only usable for staff meetings."

Kirtland had to turn away students who could not get classes this fall, according to Kirtland's President, Dorothy Franke. "I'm sure we'll have to add more classroom space to existing buildings, unless we somehow get the dollars to build a brand new classroom building. As it is, we've added Saturday classes and are looking at other scheduling methods to meet student needs."

## State banning disposal of yard wastes in landfills

This fall will be the last time that government facilities at all levels will be able to dispose of their yard wastes at landfills and municipal incinerators in Michigan.

Under Michigan Act 264 of 1990, the disposal of yard wastes from all governmental facilities (federal, state, county, township, and municipal) into landfills and municipal incinerators

will be banned after March 27, 1993.

The same ban on disposal of yard wastes will take effect for homeowners, businesses and other property owners in the private sector on March 27, 1995. The law describes yard wastes as weeds, grass clippings, leaves, shrubs, and branches.

"Operators of some landfills reaching capacity are already refusing to accept yard wastes at their facilities," said Department of Natural Resources resource recovery specialist Wayne Koser. "We'd like to see everyone begin now to use mulching mowers and develop backyard composting methods before the situation becomes critical."

DNR forest managers also are

concerned about the impact that accumulated yard wastes may have in residential forested areas of the state during the wildfire season, once the disposal bans take effect.

The DNR is offering free to homeowners single copies of the *Mulching and Backyard Composting Guide*. A 100-page, in-depth *Yard Waste Composting Guidebook for Michigan Communities* is available to municipalities and businesses at \$5 a copy, which covers the cost of printing and postage. To order either publication, write to the DNR Waste Management Division, Box 30028, Lansing, MI, 48909, and make checks out to the State of Michigan for the guidebook.

## THE INTEREST ON YOUR CD IS GOING, GOING, GONE.

Tired of seeing your CD returns reduced by inflation and taxes? It may be time to consider the alternatives.

Sure, your certificate of deposit offers a guaranteed principal and fixed rate of interest. And most of the alternatives lack guarantees, resulting in some degree of risk to principal. But the fact is, if you're saving for the long-term, you need to look beyond guarantees and examine total return—interest earnings plus capital appreciation. This is the key to outpacing inflation and accumulating wealth.

Don't watch your savings fade away. If you have a CD coming due soon, learn more about your options before rolling it over. For more information, contact:

## Letters To The Editor

### Housing specialist, commission members responsible for forming housing authority

The story on actions by the Crawford County Board of Commissioners last week contained a very interesting direct quote by Commissioner Joseph Callewaert.

He said, "I've worked with H.U.D. Secretary Jack Kemp, Congressman Dave Camp, and many local people for three years to reach this goal."

I have been assured by some of the other commissioners that he never made that statement at the time of his report. They emphasize he never stated that in front of them, probably because they know the truth. Joseph Callewaert was not primarily responsible for the formation of the Public Housing Authority and he certainly did not do very much to implement the final approval by the U.S. Department of Housing and Urban Development.

The person who did virtually all of the voluminous paper work and worked with the county commissioners

was Gary Johnson, housing specialist for the Crawford County Housing Commission. Public Housing Commission members who were formally appointed early this year by the county board of commissioners worked equally to push for the final approval.

It must be that in an election year Callewaert is pushing the facts to the limit to impress his constituents. At the risk of being sued for libel, perhaps I had better stop there in a reminder to all citizens of the quotes and wrangling in which he has been involved.

Suffice it to say it is a shame that he is a member of the RHA for it will be difficult for the rest of the members to work for the good of all citizens when they are aware of someone trying to steal the spotlight.

### Cottage owners taxed without representation and can't afford higher millages

Concerning this Vision 2000 bond and millage proposal, I think it is time someone spoke for all of the taxpayers who own summer cottages in Crawford County and have had their taxes increased so exorbitantly in the last few years. They can't even afford to use their property. These are people who are taxed without representation and cannot take advantage of the Homestead Property Tax rebates, unless they live in Crawford County.

It is my opinion that those voters who do not own property and contribute to these millage increases,

should not be allowed to vote on them, since they cannot understand the burden it puts on those who have to sacrifice to pay for them.

What good is the 20% decrease in property tax that is offered in Governor Engler's Proposal C, if all communities are able to push through a 20-year millage that goes way beyond that.

This will be a vision for the people who have to pay for it, that's for sure. A nightmare.

Mary Warnick  
Dearborn Heights

### 16% increase is too much

Mr. Duncley certainly had two parts of the problem right when he said the poor economy and the people's frustration with Lansing caused the downfall of the bond issue. The third and most important cause of the defeat was the 16% increase to the total number of the mills already required by the schools. No matter how you cut it 16% is a large increase. Sixteen percent is a lot of anything. Even tortilla chips.

### Owning a pet is a life-time commitment

I am writing in response to Dixie Lobsinger's letter entitled, "Death of pets is responsibility of owners, not animal shelter." Although I am not a Grayling resident, I read the Crawford County Avalanche every week to see if Dixie has written another letter. This one though, really touched my heart and said so much.

There are so many people out there who think it would be nice to own a pet. Pets are a big responsibility though, and you have to be willing to take care of your pet's needs every day for the rest of its life. The pet you wanted because you thought "how cute

and cuddly" loses in the end because you thought of what you wanted and not what was best for the pet.

For a long time I wanted a dog, but my lifestyle was so busy that I knew the time was not right. It took everything I had to fight off that urge. Before you consider owning a pet, put yourself in that pet's position. Do I have enough time in my life for the responsibility? Am I financially able to handle the needs of this pet to have it neutered or spayed to help reduce the unwanted and endless killing of the innocent pet population.

This past year I finally brought home my dog after nearly ten years of the urge tugging at my mind. For the people out there with that same urge tugging, let it keep tugging till you are ready for the commitment.

In closing, to all the people who will read this letter, I would like to ask them to please say a prayer for all the animals that have been destroyed because of "lack of responsibility" and for Dixie who tries so hard to keep them all alive, knowing sometimes she can not.

### Use tax money to improve education and not to erect more buildings

I have just learned that the bond proposal known as Vision 2000 was soundly defeated by the voters in Crawford County. This may not be good news to the proponents but it surely is welcome news to the already burdened taxpayer, including myself. I am a taxpayer in Crawford County and in California. That portion of my California taxes for education is about 2 1/2 % of my total bill. That portion of my Crawford County taxes for education is more than 62% of my total bill. It would appear that the local tax dollars could be used more effectively to improve education generally and not to erect more buildings.

It is commendable to aspire to create a better environment but it is also foolhardy to believe that a county with a limited tax base can afford what even larger communities cannot. It would seem more logical to improve what is already there — just use it more

efficiently. Taxpayers can afford just so much and it would appear that the limit was reached a long time ago.

I don't recall any publicity concerning the cost of putting "Vision 2000" on the ballot. How many tax dollars were expended hiring architectural firms and public relations experts to influence the voter? It would seem advisable for the school board to publish these amounts or run the risk

of appearing insensitive to those who put them in office.

In these times of general distrust of public officials, local, state, and national, it seems only fitting that persons in elective office do everything they can to dispel the general consensus that all public officials have only self interest at heart.

### Coyotes aren't going to kill all the deer

This is in response to Mr. and Mrs. Wehnes' most recent letter concerning coyotes. The first part of your letter states that when there is an overpopulation of coyotes, some should be killed. How do you know there is an overpopulation? You saw one coyote with her pups. This is hardly a basis for saying there are too many.

In all the years you lived here, how many of your farm animals were killed by coyotes? What other tragic things can you share with us concerning the coyote's behavior? I don't think you have to worry about losing money at your campground. The coyotes are not going to scare away the hunters, nor are they going to eat all the deer so there are none left to hunt. In addition, you don't have to feel you are in competition with the coyote over the land. We can co-exist with all wildlife in northern Michigan.

You are absolutely correct in saying that "If we are to leave nature alone..." If there are problems, that's what the D.N.R. is for. However, the incident

that occurred a few weeks ago is no reason to say "we have a problem — let's kill coyotes." If you are so worried about saving the deer, how about suggesting that no so many deer licenses are issued?

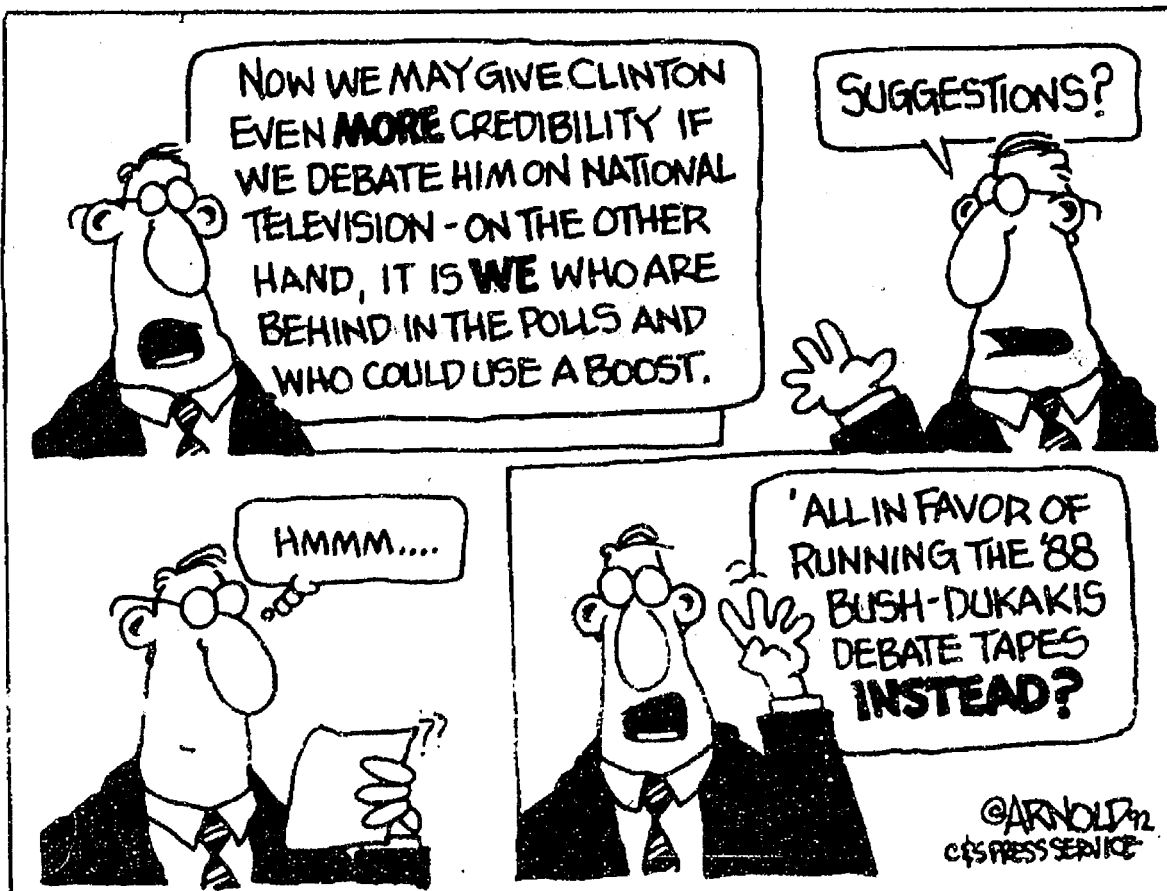

The other coyote did what she had to for her pups. Nothing went to waste. Not all coyotes will survive the winter. This keeps their population in balance.

By the sounds of your letter, you are ready to have a killing spree. If the coyote bothers you that bad, maybe it's time to head to Florida.

### Chippewas, yes. Redskins, no.

IN ADDITION TO playing good football, Central Michigan University makes good decisions, too.

At least, that was the case in the recent decision by the CMU board of trustees to maintain the name "Chippewas" to represent the school and its athletic teams.

In 1988, the Michigan Civil Rights Commission asked universities and high schools statewide to review use of nicknames, mascots and logos related to Native Americans.

After a four-year look, Central decided continued use of Chippewas or Chips was all right.

Eastern Michigan University at Ypsilanti came up with a different decision a while back. The Eastern trustees decided to drop their name of "Hurons", substituting in its place "Eagles."

A half-hearted attempt by some disenchanted Eastern boosters, unhappy with abandoning "Hurons," sought to attach the tag "Emus" to EMU's athletic teams. The campaign fell short.

**THE REASONING CITED** by Central in reaching its decision seems to make sense.

"The Chippewa name is cherished and respected by the university's alumni and friends," explained Leonard Plachta, interim CMU president.

"The Chippewa name is very closely and proudly associated with Central as well as with the region, in

both cases because of the Native Americans who live here."

"I value all of the implied relationships created by our use of the Chippewa name and, in fact, hope to develop them further."

Similar arguments could have been made at Eastern; this reasoning prevailed at Central, not at Eastern.

**WHAT'S DONE WITH** the nickname is what's really important, Mr. Plachta pointed out.

"The use of the word can be used with honor and respect, and ways in which it can be used to demean and slander. How 'Chippewa' is used... is the issue here, not the very fact that the word is used at all."

That line of thought makes sense, too. It seems to me that "Chippewas" or "Hurons" or any other specific Native American title — if used with respect and honor — is perfectly okay for school usage.

The same would be true for general positive Native American terms, such as "Braves" or "Chieftains" — again, if Mr. Plachta's guidelines of honor and respect are part of their usage.

However, it's a long, long stretch to include the name "Redskins" as proper for an athletic team. To me, "Redskins" is inherently demeaning and derogatory to Native Americans. It's only one step removed from "Bloodthirsty Savages."

**ANOTHER DRIVE IS** underway to get the most famous national team known as "Redskins" — the

professional Washington football team — to change its name.

A group of American Indian activists has filed a suit in Washington seeking to cancel the trademark registration of the name "Redskins" for the pro football team.

The suit has merit. So would a name change from "Redskins" to something that does not have an intrinsically negative and near-slandrous connotation.

Sure, there may be tradition and history with the use of the "Redskin" title, at Washington and other places it is used.

And it may be expensive to change everything, as the pro football management claims.

But these are insufficient reasons to continue insulting an entire race of American citizens.

"Redskins" should go.

**HUMOR?** —The humor section of a recent *American Legion* magazine asked a couple of pertinent questions:

—Remember when "buying on time" meant getting to the store before it closed?

—Did you ever notice how setting a good example for your children takes all the fun out of your own middle age?

—If God didn't love procrastinators, why did he create tomorrow?

## Let's Talk About It

By Joe Murphy

Why is it that things seem to expand to fill any available storage space. When I was having work done on the house this summer, I had a folding stairway installed so I could use the attic for storage. Even after I hauled a lot of stuff up there I really can't notice much change in the clutter of my room. Even up at the farm where I had an attic, spare bedrooms, basement, barn and garage for storage, I often found myself looking for more storage space.

I see homes advertised that claim to have lots of closets but I'll bet within a few months after moving in the buyers will be short of space to store things. I have written before of the reproduction that takes place in dark closets where you can hang a man's suit and a lady's dress today, carefully lock and door and hide the key, and a few months later when you open the door, you'll find it filled to over flowing. But it never seems to work with good stuff. I can put a couple of nice guns in a closet and a year later find just the two guns there along with a lot of worthless junk. I guess my idea of raising mink coats in a dark closet will not work either. I am also puzzled by the way you can have something around for years, but when you finally get rid of it, within a few days it is exactly what you need. So I tend to keep a lot of junk around, for unless I get rid of it I don't need it and save myself a lot of work that way.

I often find myself walking around the old town of Frederic in my mind. I still recall the old town as it used to be and the nice folks that lived there. I often in my mind begin my walk

down at the cemetery and walk the full length of town and remember who lived there in my childhood days. Some of the places have been torn down and replaced or remodeled some, but in my mind I still see the houses as they were then. The first place I pass as I leave the cemetery was Jay Vanuckenberg's who was a tall slim man who waves at me as I pass by. Next is the Lyle Duncley's home and I see Pat and Barb playing in the yard. Ed McCracken is working in his garden as he often was as I walked by. Herb Dodge's house and I stop to look at the dog that they used to buy candy. When her pet dog died, she had it mounted. John Malco is busy sawing wood, he has enough wood to last twenty years, but he is always at it. The tourist cabins Harry Higgins had south of his store come next. I stop at the store and Harry's dad John hooks me around the neck with his cane as I pass close to his wheel chair. He teases me by calling me Joe Murfru but gives me a nickel to buy candy. With a big bag of candy, which a nickel would buy in those days, I walk by Lengs Garage and his Mackinaw Trail Cafe. Then came Ace Leng's general store where you could buy anything from a lady's corset to a horse collar. I better head home for supper now, as I don't want to miss out on the mincemeat pie Mom baked this morning. Will continue my walk in a later column.

We walked down Michigan Avenue to Maple Street. We saw Allyson's house. We saw leaves changing colors — yellow, red, green, orange and brown. We saw a dead squirrel on Michigan Ave. We were cold on the first day of fall!

# Chamber hits 85% of goals set for 91-92 fiscal year

The Grayling Regional Chamber of Commerce presented its official "End Of Year Report" on Saturday evening, September 26, 1992, at the Chambers' Annual Dinner. The "Status of the Chamber" was presented by Board President, Terry Bloomquist. References were made to the "End Of Year Report" that was compiled by the Chamber's Executive Director, Deborah Allen. The Report included the program for the annual dinner, the listing of the Chamber's 1992-93 Board of Directors and Officers, as well as the Chamber's 91-92 Strategic Plan.

The Strategic Plan was set last year by the Board during their annual "Planning Retreat" at Garland Resort. The Report highlighted the various objectives set by the Chamber Board and specific strategies established to achieve those goals during the 1991-92 Fiscal Year.

According to Deborah Allen, "The Board was successful in completing approximately 85% of the goals set at the beginning of the 1991-92 Fiscal

Year." To date, three major items that have not yet been completed each relate to very ambitious "long term" planning goals. Specifically, the development of "Business & Educational Partnerships" with the Crawford AuSable School District, working with the Grayling Recreational Authority to research the feasibility of an indoor recreational facility, and, finally, the creation of an Economic Development Authority to assist in the retention and recruitment of business in Crawford County.

The 1992-93 Board of Directors will again be conducting their Annual Retreat and Strategic Planning Session this October. It is believed that the Annual Retreat is the single most significant contribution the Board of Directors make to the Chamber of Commerce — it is during the Retreat that the Mission and future agenda of the Chamber is determined. Chamber Members will be provided with a "End Of Year Report." If you would like a copy you are encouraged to request one at the Chamber Office.

## Cornell wins Silver Lining Award for beautification efforts

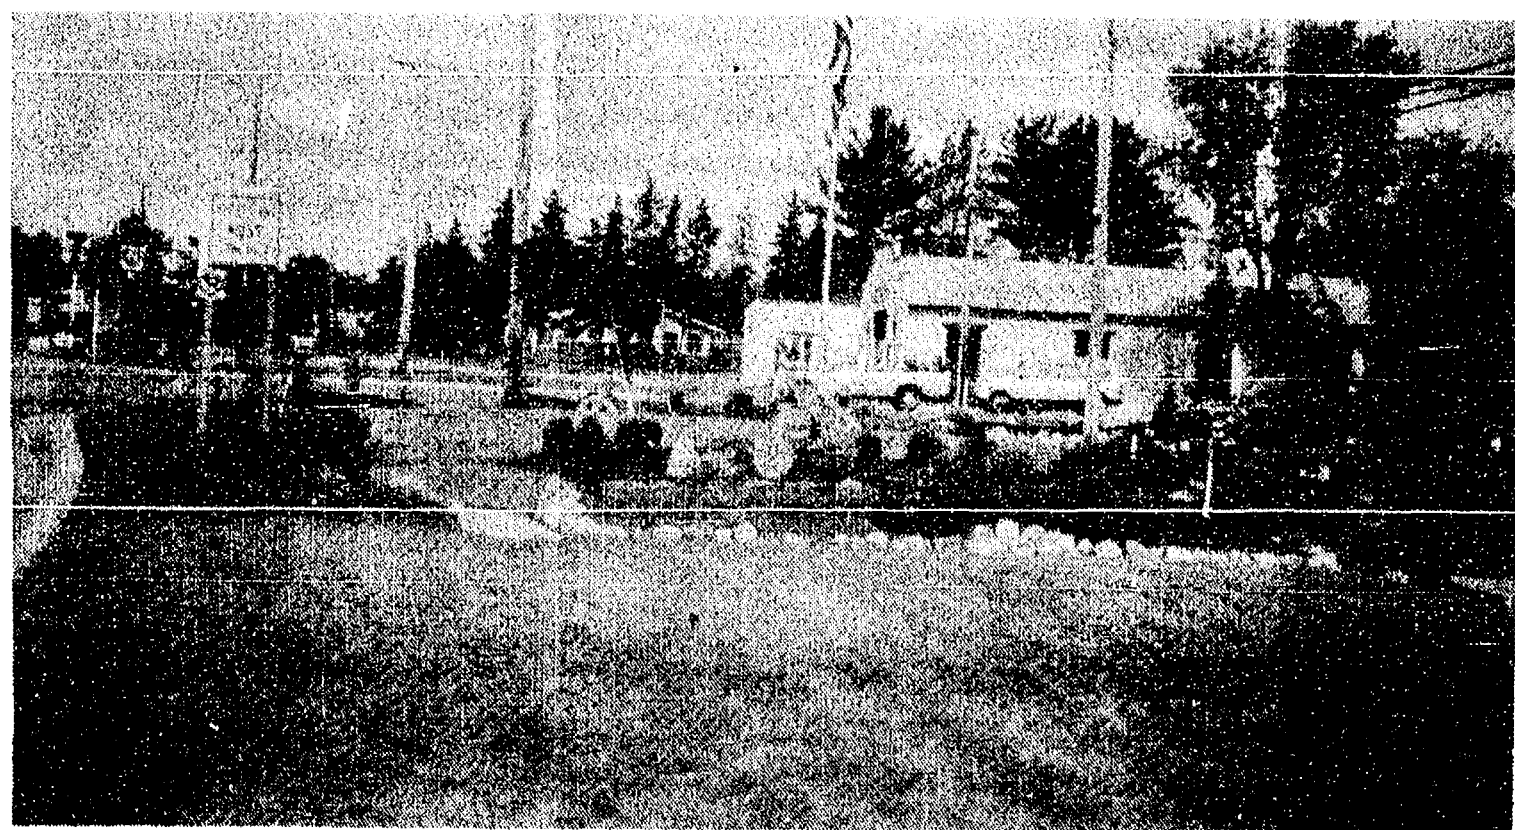

The Grayling Regional Chamber of Commerce, in efforts to encourage businesses to help create an image of quality in our community, have established a quarterly beautification award called the "Silver Lining Award." The first award was presented in the spring of this year to the women of the Grayling Promotional Association for their efforts to plant flowers and provide colorful seasonal decoration along the Business Loop through Grayling.

This quarter, the Chamber acknowledged another obvious and deserving winner of the "Silver Lining Award" — Cornell Insurance and Real Estate, for their efforts to beautify the corner of the I-75 Business Loop

and M-72 East directly in front of their business.

The landscaping provides both a beautiful oasis along the busy Business Loop, as well as an image of quality

for their business and our community. The Chamber wishes to congratulate Cornell Insurance and Real Estate on receiving the "Silver Lining Award" for the Third Quarter of 1992.

**QUALITY CORNER--**Cornell's efforts to beautify their corner of the I-75 Business Loop reflect on the quality of the community.

## Chamber operating free of debt

You heard it right! Thanks to the more than three hundred businesses that support the programs of the Chamber, and those businesses that made large contributions to the Chamber over the past three years, the Chamber is financially sound. At the Chamber's Annual Dinner, Treasurer Donna Masker announced the financial status of the Chamber was positive and best of all — debt free.

For the first time in ten years the

Chamber does not have to utilize loans or pledges for operational expenses.

"The Board has been working throughout to come up with creative ways the Chamber can be self-sufficient without raising membership investments each year. Because of some successful events this past year as well as increased membership, this has been possible," stated Allen. At the last monthly meeting of the Chamber's Board of Directors it was

unanimously agreed upon to utilize year end revenues to pay off the building loan currently held by the Crawford County Economic Development Fund.

The Board of Directors pledge a continued commitment to financial responsibility. The Board thanks the membership. It is only through the current level of member support that the Grayling Regional Chamber of Commerce is able to operate efficiently.

## Norma Naour wins Athena Award

This is only the second year for the Nationally Accredited "Athena Award" to be offered by the Chamber of Commerce, courtesy of Scheer Motors, the local Oldsmobile Dealer.

"We are very fortunate to have the support of Scheer Motors in sponsoring the Athena Award — it is quite an honor for our area women and our community," stated Chamber Executive Director Deborah Allen.

The award is a prestigious honor that recognizes the outstanding efforts of women who have made a significant contribution enhancing themselves, their peers, their professions and their community. The selection process was challenging this year, but one candidate was clearly an exceptional nominee.

In demonstrating support of the goals of professional women and providing unselfish assistance in their behalf, Norma Naour, for ten years, chaired the Miss Grayling Winter Sports Pageant offering educational scholarships for local young women. As a member and Past President of the Grayling Chapter of the American Business Women's Association, she again supported the educational and professional efforts of local women.

Norma herself has demonstrated excellence in her chosen profession by continuing her professional education and challenging herself to achieve new levels of certification. She has served on numerous local, state and national boards relating to her realtor position.

Additionally, she has received numerous awards from the

organizations she has participated in because of her level of quality service.

Norma has provided valuable service to business and her community through her involvement in such organizations as the Chamber of Commerce, Grayling Promotional Association, American Business Women's Association, the Grayling Fair Association, Miss Grayling, Grayling Community Services, and the list

continues.

Finally, Norma has certainly provided initiative and creativity in enhancing the efficiency of local business and the stability and improvement of the community, that is why the Grayling Regional Chamber of Commerce and Scheer Motors is proud to announce Mrs. Norma J. Naour as the 1992 "Athena Award" recipient.

## Brown named Citizen of Year

D. J. (Dorothy) Brown received a long overdue thanks from the Chamber and the community when she was introduced as the "1992 Citizen of the Year." D. J.'s contributions to the community are quite numerous and diverse.

As a resident of Grayling for less than ten years, she has achieved the following credits: President of the Grayling Promotional Association, Chairperson of the Grayling United Way, Chairperson to the Milltown Festival for three years, Vice President of the Business and Professional Women's Organization in Grayling, Coordinator of Camp Grayling's 75th Anniversary Celebration, and Organist at St. John's Lutheran Church.

The title of "Citizen of the Year" is bestowed to individuals in the

community that truly go beyond the call of duty to serve the needs of others and the community. D. J. is currently employed as Store Manager for Mac's Drugs Store and is certainly deserving of this honor.

**TOP CITIZEN**--D. J. Brown receives the 1992 Citizen of the Year award from Chamber Executive Director Deb Allen.

# GHS stays undefeated with exciting 36-30 win

An exciting 36-30 win at Lincoln-Alcona last Friday night helped push Grayling to 8th in the state in Class B rankings. The Vikings are 5-0 and place their undefeated season on the line at Rogers City this Friday.

At Lincoln-Alcona, Grayling raced to a 29-8 lead, scoring on their four possessions. Lincoln-Alcona never quit, though, and the Vikings needed a key defensive stop by Brent Kernstock and Steve Branch along with a big first down by Mike Kirmo late in the game to preserve the win.

Grayling's offense made its presence felt right from the start of the game. After receiving the opening kickoff and starting on its own 27, Grayling drove all the way scoring on a 36-yard pass from Kirmo to the tight end Branch on a crossing pattern. A key play on the 73-yard drive was a 22-yard pass from Kirmo to receiver Chris Wolcott when the Vikings were facing a third down and nine situation. GHS kicker Jan Karlsvik made the extra point to give Grayling a 7-0 lead.

After forcing Lincoln-Alcona to punt, Grayling moved to their own 48-yard line and faced a fourth down and two situation. The Vikings lined up in a punt formation and snapped the ball to Gray Schroyer, lined up as a blocker in front of the punter. Schroyer rushed

for a first down to keep the drive alive.

Grayling was almost stopped again on the drive when Kirmo hit split end Eric LaForest for 26 yards on a third down and five. The Vikings put the ball in the end zone the second time when Schroyer passed on a halfback option to Jason Brigham. Karlsvik hit another extra point for a 14-0 lead.

Lincoln-Alcona struck back quickly rushing for a 58-yard gain on its first play after the kickoff. On its second play from the Vikings' six-yard line, they ran the ball in for six points. They converted a pass for two extra points to make the score 14-8 with 2:57 left in the first quarter.

Grayling scored just as quickly using a 55-yard run by Gary Schroyer and a ten-yard touchdown run by Kirmo on an option play. On a pitch around the end Schroyer scored two extra points to push GHS to a 22-8 lead.

On Lincoln-Alcona's next possession, Mitch McMillan sacked the quarterback and recovered a fumble on the play to give Grayling the ball on its opponent's 27-yard line. In two plays Grayling moved to the twenty-yard line where Kirmo threw to Branch for a touchdown on third down. GHS kicked the extra point for a 29-8 lead with 8:35 left in the second quarter and that ended the first half scoring.

Lincoln-Alcona, trailing by 21 points, didn't quit in the second half. They came out strong and drove 75 yards for a score. They added a two-point conversion to cut the lead to 29-16.

Grayling and Lincoln-Alcona both punted on their next possessions. Then Grayling had a pass intercepted deep in its territory and Lincoln-Alcona pushed it across in two plays and added two points on a pass to make the score 29-22 in the third quarter.

Grayling ran the kickoff to midfield and drove to the three-yard line where Brigham scored on a run. Karlsvik's kick gave Grayling a 36-22 lead with 10:54 left in the game.

Lincoln-Alcona almost went all the way with the kickoff but Karlsvik slowed up the runner and Jim Green made a touchdown-saving tackle. Lincoln-Alcona used the good field to later score on a eight yard run and its two-point conversion tightened the score to 36-30 with 9:08 left.

The Vikings came back to move the football from their own 37 down to the Lincoln-Alcona 12. On a fourth down and eight yards to go, GHS went for a field goal that missed to the right.

In a game dominated by the offenses, the Viking defense helped decide the outcome with a final stand.

Lincoln-Alcona took over the ball at its own 20 following the missed field goal. They drove all the way to the Viking 29 where it was fourth down and less than a yard to go with about two minutes remaining. Kernstock made the initial hit on a runner and Branch assisted in keeping the runner short of the first down.

Taking over possession, Grayling needed at least one first down to run out the clock. Needing four yards on a third down, Kirmo ran the option play

and gained the first down and secured the win.

## GAME STATISTICS

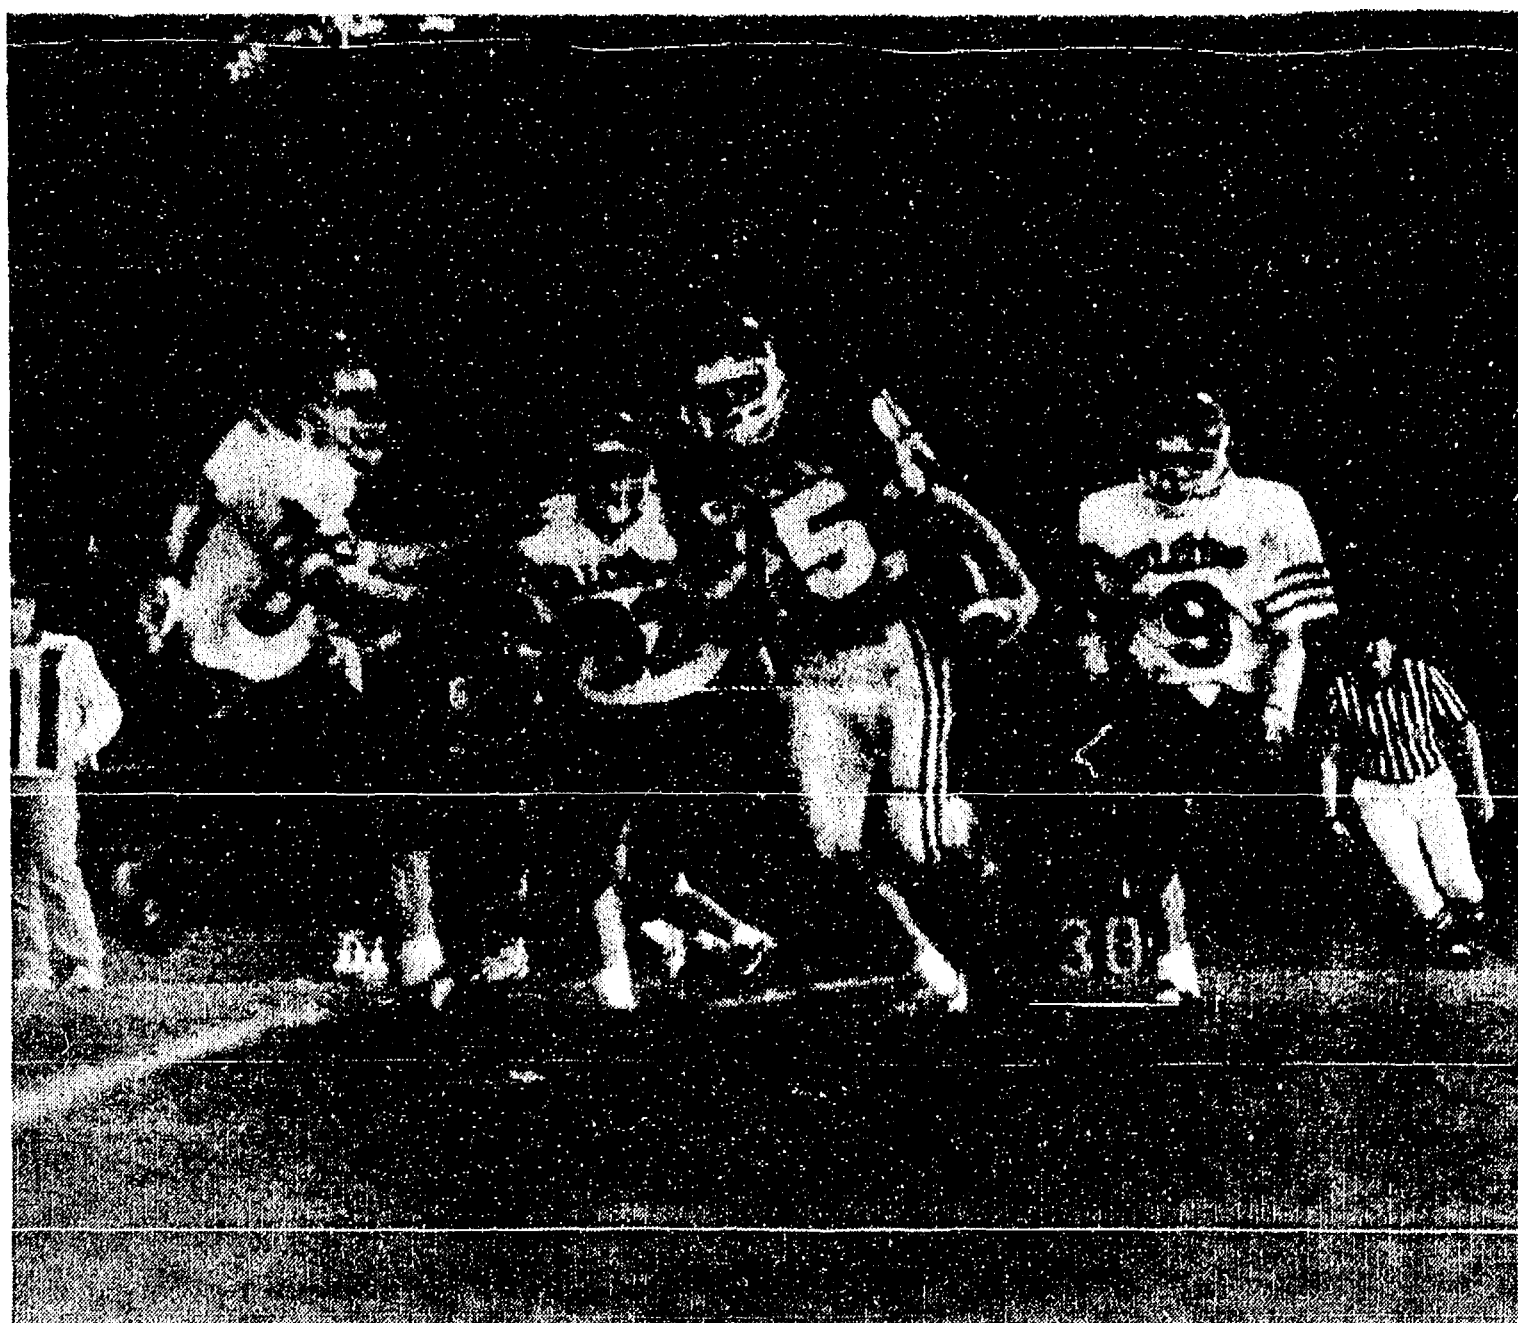

Schroyer gained 153 yards on 23 carries, Brigham gained 33 yards on 14 carries, and Kirmo gained 64 yards on six carries. Brigham also had three catches for 74 yards, Branch had two catches for 56 yards, LaForest caught one pass for 26 yards, and Wolcott caught one pass for 22 yards. Kirmo was six for 13 for 143 passing yards.

For the fifth game in a row, Branch led the team in tackles. He had 20 and Kernstock had 18.

## ROGERS CITY

Grayling head coach Dave Larkin said Rogers City will be a tough opponent this Friday, especially playing on their field.

Grayling was ranked second in its region in play-off points before the Lincoln-Alcona game. The top four teams in the region earn a berth in the play-offs.

## Fumbles hurt JVs in 20-12 loss

Seven fumbles put the junior varsity Vikings at the low end of a 20-12 score against an undefeated Lincoln-Alcona team last Thursday at the GHS field.

With the score tied 12-12 late in the fourth quarter, the seventh and last fumble gave Alcona the ball at Grayling's 25-yard line. Alcona scored a rushing touchdown and the two-point conversion to take the lead for good.

Grayling came back after the kickoff and moved forty yards downfield in about two minutes. With less than 30 seconds to go, Grayling was forced to give up the ball after being stopped on a fourth and long play.

Lincoln-Alcona went ahead 6-0 in the first quarter and led 12-0 in the second quarter before Grayling struck fast. Just before the half ended Andy Perrin threw a 45-yard halfback option pass to Steve Bugyi for six points. The two-point conversion pass was incomplete.

Bugyi scored another touchdown in the third quarter on a dive up the middle. The two-point conversion again failed, leaving the scored tied.

Late in the fourth quarter, with the

score at 12-12, Lincoln-Alcona used good field position to move the ball to the Grayling 22-yard line but the defense dug in and stopped them on four downs.

"The defense was excellent, especially the four down linemen: Mike Joseph and Josh Larson at tackles and Scott Longendyke and Ron Silk at end," said Grayling coach Chuck Spencer. "These players stayed low and penetrated the opponent's offensive line. I was very pleased with our performance on defense. I believe we hit harder and played tougher than in any other game this season."

Spencer said team captains Chris Jones, Bugyi, Jason Secord, and Andy Langowski played their usual strong game.

"Our offense moved the ball well, but we stopped ourselves in the red zone with turnovers," said Viking coach Fred Wolcott. "We beat ourselves because of the seven team fumbles."

"If the Vikings can eliminate turnovers, they will be successful against any opponent," said Spencer. "Each week the junior varsity improves."

## Grayling falls to Whittemore-Prescott 50-37

The Grayling varsity girls hung close to Whittemore-Prescott most of the game but couldn't score enough in a 50-37 loss October 1st.

The Vikings were tied 10-10 with Whittemore-Prescott after one quarter but fell behind 23-16 at half.

Grayling shot only 23 percent from the floor and made only three of eight free throw attempts.

"We were still in the game in the fourth quarter," said head coach Howard Lehti. "We felt we had a chance but then we would get that costly turnover or miss an easy shot."

Lehti said Heidi Craigie had a good overall ballgame and Suzy Lovely played her best game of the season.

"Whittemore-Prescott played an aggressive half-court press the entire game," said Lehti. "It didn't bother us too much except it took us out of half-court offense."

Craigie led the team in scoring with

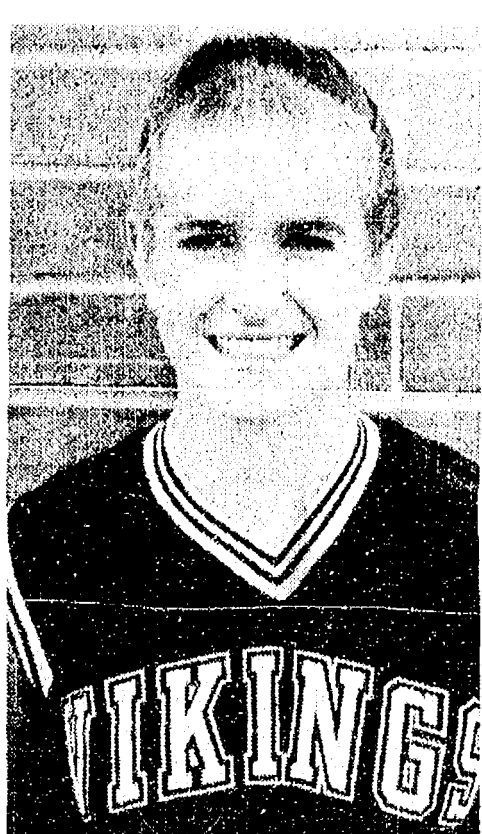

ten points, including a couple three-point shots. Nicole Parker and Darcie McCurdy each scored six points. Amy Vandecar scored five, Sarah Micek four, Lovely, Elissa Cox, and Mande Micek each scored two.

McCurdy was the leading rebounder with six, Sarah Micek added four, Vandecar, Cox, and Lovely had two each, and Jaime Andrus had one.

Cox led the team with four assists, Sarah Micek, McCurdy, and Craigie had two each, and Lovely had one.

Craigie led the squad with five steals, Parker had two, and McCurdy, Lovely, and Sarah Micek each had one. Lovely won the team's spirit award for the week for her supportive role in the game.

Grayling plays Thursday, October 8, at home against Rogers City, and Saturday, October 10, at home against Petoskey. Junior varsity games start at 6:15 p.m. with varsity games following.

## Freshman girls win 43-37 in overtime

The Grayling freshman girls improved their record to 5-3 with an exciting overtime win 43-37 against Roscommon at the Bucks' court Sept. 30.

Viking coach Mark Hartman said solid defense and some good passing helped lead the team to the victory.

Jenny Wilkins led the team with 14 points. Monica Lawrence scored eight points and she hit the last shot of regulation to tie the game and give Grayling a chance to win it in overtime. Jessica Wyss had seven points, Jennifer Wallace had five points, Sarah Amman and Jennifer Richardson each scored four points, and Stacie Mead added one point.

Hartman said Trisha Ormsbee, Jennifer Pahssen, and Jamie Evans did a great job on defense and rebounding. "The team played a good first half," said Hartman. "Starting with the sec-

ond half, the team couldn't get anything to go in."

### LAKE CITY VICTORY

Grayling had an easier victory against Lake City September 28 winning 42-25.

"The key to this game I felt was teamwork," said Hartman. "The girls ran the fast breaks well with passing, and ran their set plays well."

He said they also played a strong game on defense.

Wilkins led the team with 12 points. Amman scored seven points, Lawrence and Richardson each scored six points, Wallace, Sarah Medler, Wyss, Ormsbee, and Pahssen all had two points. Evans added one point.

On Monday, October 12, Grayling plays at Petoskey and on Wednesday, October 14, Grayling plays Roscommon in the GHS gym.

## 7th grade BB teams earn 3 victories

Grayling's 7th grade girls A team came from behind in the last quarter to win at Kalkaska 32-27 on September 28.

"The game was won in the fourth quarter because the team was able to get the ball to the open person for a basket," said coach Harold Mertes. "Team rebounding on both ends of the court was outstanding."

Nikki Strohpaal led the team with 11 points. Jamie Tobias scored seven, Kristie Cadeau six, Erin Mills four, Stephanie Hellebuyck two, and Debbie Harris two.

"The hard work by Hellebuyck and Harris during practice is starting to pay off," said Mertes. "Both girls scored during the game and their defensive play contributed to the win."

On September 30, the 7th grade A team lost 25-15 to an undefeated Gaylord St. Mary team on the road.

"The game highlighted the team's strength and weakness," said Mertes. "The team's strength of rebounding and defense was evident in the fact that an undefeated St. Mary's team was held well below their scoring average. Most of St. Mary's scoring was the result of interceptions and ball steals off their full court press. Grayling's inability to get the ball down court was the team's downfall."

Harris and Strohpaal led the team with four points each. Cadeau scored three, Tobias two, and Mills two.

The A squad hosts Roscommon

Monday, October 12, and plays Gaylord here Monday, October 19.

The 7th grade B team earned two more wins beating St. Joseph 16-4 here on September 30 and winning at Kalkaska 20-11 September 28.

Grayling coach Daniel St. Amour called the St. Joseph game the turning point for the girls.

"Many of the things we've been working on in practice jelled during the game," she said. "I was thrilled with the team's performance. We controlled the tempo, which had been a team goal. Strong bench support, the execution of plays, and smart ball players wrapped up the win."

Amy Martella led the team in scoring with six points. Kristy Irish scored four points, Deanna Fleischman, Heather Mead, and Nicki Osga all scored two.

"Our rebounding has improved greatly as well as our ability to put the ball through the hoop," said St. Amour. "Amy Martella continued to play her consistent aggressive defense while she put her offensive game together by scoring six points."

At Kalkaska, Osga led the team with 12 points. Mead, Colleen Dale, and Martella each added two points. St. Amour said girls coming off the bench played well.

"All the girls are improving with each game," said St. Amour. "A team concept for playing ball is developing quickly."

## Sports

## JVs win 53-39 at Lincoln-Alcona

Grayling won the battle of the boards October 1 against a taller Whittemore-Prescott team but lost the game 49-39.

The Vikings got Whittemore-Prescott's starting five in four points in the first half and lead by four points.

Coach Dallas Hudson said his team played a flat third quarter and trailed by six points heading into the last quarter. Grayling stayed close until about four and a half minutes to go when an injury forced Amy Neal out of the game.

"It was a good played ball game by both teams," said Hudson. "Whittemore was much taller than we were, but we controlled the boards for most of the ballgame."

Carol Lanczy led the team with 14 points. Brooke Blaauw scored 10, Mandy McEvers had seven, Neal five, Trish Straw two, and Lynne Rochette one.

Neal, Blaauw, Rochette, and Lanczy led the team in rebounding.

### DEFEATS

#### LINCOLN-ALCONA

The Vikings came on strong in the fourth quarter to win at Lincoln-Alcona 53-39 on September 24. Blaauw led the team with 18 points and 12 rebounds. Lanczy had 15 points, Neal had 14 points and 13 rebounds, Rochette scored three points, Nicole Wilcox scored two, and Misty Burden one.

"This was a good ball game for each player," said Hudson. "Our starting guard got into foul trouble early in the game and I had to do some adjusting. I moved Carol Lanczy from a forward position to the point guard and she played well and controlled the offense for us. Brooke Blaauw and Amy Neal controlled the boards. This was an excellent ball game for us."

### GAYLORD GAME

Grayling's defensive press worked well but both offensive and defensive rebounding hurt the team in a 55-30 loss to Gaylord at home September 22.

Wilcox led the team with eight points, Neal had six, Blaauw, Lanczy, and Rochette four each, McEvers three, and Burden one.

### KALKASKA GAME

Grayling missed a lot of easy shots in a 40-26 loss to Kalkaska at home September 12.

The Vikings let down in the second quarter and third quarters and were outscored 26-13.

Lanczy led the team with 10 points, Blaauw had seven, Rochette six, McEvers two, and Danyell Galvani had one.

"This is a hard working team," said Hudson, "but they must work on confidence, their willingness to take the shot and score."

The Grayling High School girls junior varsity basketball team lost to Petoskey, 57-37, on September 15.

"We played well and made Petoskey do some things they didn't want to do on defense, because we took it to them and had one of their best players out of the game in foul trouble early in the first quarter," said Coach Dallas Hudson.

"Petoskey's JV was very quick on the floor," he added. "We played well, but we couldn't keep up with their quickness. They scored most of their points on fast breaks and their defense kept us from fast-breaking."

Freshman Brooke Blaauw led in the scoring column with 16 points. Sophomore Carol Lanczy added nine; sophomore Nicole Wilcox, six; sophomore Lynne Rochette, four; and freshman Mandy McEvers, two.

Lanczy made ten rebounds and Blaauw, nine.

Brooke Blaauw played an excellent ball game and she controlled the boards on both ends of the court," said Hudson. "We had to rest her and that is when Petoskey would pull ahead."

The junior varsity team hosts division opponent Rogers City on Thursday, October 8.

## 8th graders add 2 more wins to total

The Grayling 8th grade girls A team rang up two more victories, winning at Gaylord St. Mary 28-16 on September 30 and defeating Kalkaska 23-14 at home September 28.

In his team's first road game, coach Jim Parker said Grayling's defense was real good and its offense improved a little.

Holly Anger led the team with 13 points. Annie Henion scored 12, Kate Brunskill two, and Jessica Waite one.

"Key defensive players were Michelle Duncley, Cheryl McCurdy, and Julia McAnallan," said Parker. "Holly Anger again played a super inside game, even though she was in foul trouble early. Annie Henion played real well also."

In the Kalkaska win, the game was close until the fourth quarter when Grayling pulled away.

Henion led the team with ten points. Anger scored eight, Stacy Putnam three, and Jessica Waite two.

"Holly Anger played one of her better games coming off the bench," said Parker. "Annie Henion gave us another strong performance. We still have to work on offense and free throws."

The team has a 3-2 record and the next two games are against Gaylord and Roscommon.

### 8TH GRADE B TEAM

The 8th grade B team lost at home to St. Joseph 22-9 on September 30.

Coach John Smock said the first half was a defensive struggle and then Grayling's defense got lazy in the second half and continued to get beat down the floor.

"We have to get these girls to play a whole game of solid basketball not just a half. Time and time again we will not hit the open person," he said. "We still have a lot of work to do. This team has to learn the basics of basketball."

Jaymie Brannon led the team with five points. Jessica St. Germain and Rachel Porter each scored two points.

Jamie Secord led the team with eight rebounds followed by Angie Floriano with six. Floriano and Brannon led the team with four steals each. Heather Curtis and Erin Patrick helped lead the defense.

The B squad plays Wednesday, October 7 at Cheboygan and Monday, October 12, at Roscommon.

## Verse or Worse

By Joe Murphy

### Aim High, Vote Lowe

If we want a great state representative  
Let's cast our vote for Allen Lowe  
For he is a man dedicated to this area  
And wants to see our economy grow

Allen was born and raised right in this area  
A man that a lot of folks call friend  
So when we vote for who will represent us  
Why not the best we have to send

He's a man who will defend our freedoms  
Not try to take them away as some men do  
When they say taking the guns away from the honest men  
Will reduce crime, he knows that isn't true

Allen knows the northland's problems  
And will do everything he can  
To come up with a way to solve them  
For Allen Lowe is a caring man

Let's cast our vote for the very best  
A man we can trust to treat us right  
When we have a problem with a state agency  
He'll be there to take up our fight

Don't be trapped by party labels  
Why not cast your vote for the very best  
Allen Lowe will represent us well  
And stand up to any test

Monthly heartworm preventive medication is great, but don't forget to give your dog his heartworm pill on schedule! Mark the correct day of each month on your calendar. Failing to give him the preventive medication could result in the often fatal heartworm illness.

## A Look At Our Past from the pages of the Avalanche

### 23 years ago October 9, 1969

This year's homecoming celebration will begin Thursday evening at the Grayling High School with a snake dance led by the cheerleaders and will begin at 6:30 p.m. At the end there will be a bonfire and pep rally.

On Friday, a parade will start at 3 p.m., displaying the class floats. Friday night during half-time the parade will be repeated, followed by the announcement of the float winners and the announcement and crowning of the homecoming Royalty.

King and Queen candidates this year are: Debbie Post, Debbie Niederer, Patricia Christian, Bonnie Small, Dave Holmes, Vern Hartman, Max Tobin and Mike Thompson. A regular after game student council dance will follow the game.

Starting this week and from time to time the Avalanche will carry the column "Almanac" written by Richard Milliman, editor and publisher of the *Livingston County Press* at Howell and the *Grand Ledge Independent*.

Milliman is also president of corporations holding interest in the Avalanche, the *Clare Sentinel* and the *Osceola County Herald* at Reed City. Mrs. Florence Beard arrived here by plane October 3, from San Francisco, Cal., to visit her cousins, Mr. and Mrs. Fred Kauffman. She came to see the autumn change in colors and planned to attend the dedication of the new Crawford County Building.

Robert Yoder, Robert Larson and Charles Fick, along with 17 boys from Boy Scout Troop 77 attended a camporee weekend before last at the Rifle River Camp, 12 miles south of West Branch.

Mr. and Mrs. Elwood Jewell will celebrate their 50th Wedding Anniversary October 18th. On August 30th, the neighbors of Blue Lake turned a picnic into an early surprise celebration, as this would be the last time all of the neighbors would be at the lake and the Jewells would soon be on their way to Florida.

The highlight of the event was to have their son from Alaska with them.

Ruth Virginia (Ginger) Stanton was the first person to make a solo flight and receive her pilot's license from the new Grayling City Airport. This event happened on Friday, October 3, after Ginger got out of school. To make it more unusual, today was Ginger's 16th birthday, and she also got her driver's license.

Bill Borchers was home on a 30-day leave from Thailand recently. His cousin, Jay Mathews from China City, Cal., met him at the airport when he landed in California and they drove home together. Jay had a 21-day leave. Jay left two weeks ago and drove back. Zoe Lapka and Joy Mathews drove Bill to the airport in Traverse City. He flew back to North Carolina where he is stationed for the present. Former resident, Everett Bidvia, while playing in a threesome at the

Pontaluna Country Club in Muskegon had a hole-in-one on No. 2, a 145 yard par three hole. This is the third hole-in-one he has had.

Bidvia is a teacher in the Muskegon Heights school system and is a brother to Mathew Bidvia of Grayling.

On November 13, 14 and 15 in the Viking Drama Club production of *Cinderella* there will be some new faces. We feel you would like to know them. As fairies there will be, Dianne Niederer, Sherrill Thayer, Karen Feldhauser, Jackie McEvers and Jackie Small. Marcie Kaiser will be the step-mother. Dena Bovee will be Clara-belle, one of the stepsisters. Mert Theaker will play the King. Betty Brozo is playing the part of the god-mother. Others will be Jane Pettengill as Mrs. Chancellor, Jim Knibbs as Chancellor, Greg Wert as the Lucky, and Beth Millikin.

Some members of the Drama Club seen in many past plays are, in the title role Debbie Niederer, Trisha Christian as the cat, Ashes, Max Tobin, Prince Charming, Debbie Nethers, the Queen and Dave Wyss as Biff, the Court Jester.

We would like to say that this production of *Cinderella* is very different from most with much sarcastic humor and will surely be enjoyed by adults as well as children.

Charles E. Moore, Crawford County prosecuting attorney was officially elected to the Lieutenant Governorship of Kiwanis district number 8 at the Kiwanis State Convention held in Grand Rapids last week.

A small but damaging blaze hit Spike's Keg O'Nails Tuesday evening which the Grayling Fire Department had no trouble in extinguishing. It was believed the loss would not be too high, although the loss of extra glassware and paper products bought over a year in anticipation for deer hunting season will be almost impossible to replace which will make the loss felt severely, Spike said.

Mrs. Bob Leng of Lorian, Ohio, is visiting at the Wm. Leng home.

The Otis Weavers had as their guests their daughters, Miss Alma, Mr. and Mrs. Chet Garver and children, all of Detroit.

Mrs. W. Winston and son, David of Midland, are visiting her parents, the Wm. Spauldings on the North Branch. Mrs. Helen Rottier has returned to her home in Detroit after spending the summer months with her sister, Miss Margrethe Bauman.

Mr. and Mrs. George Griffith entertained twenty guests at dinner at Camp Shoppemagon last Thursday in honor of Dr. and Mrs. Victor Garbutt, their guests for the week. The Garbuts left for their home in California on Saturday.

# The Bible Speaks

From The  
Calvary Baptist Church

## Is Hell Logical?

The reason for Hell started in Heaven. "And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels." (REV 12:7). As a result of this sin and rebellion against God, the everlasting fire of Hell was "... prepared for the devil and his angels." (MATT 25:41b). "And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day." (JDE 1:6).

These effects of sin came to earth as Satan deceived Eve, and both Adam and Eve disobeyed God and brought God's judgment upon them, the earth, and all living creation. (GEN 3). When sin multiplied, God brought destruction upon the earth by the universal flood. Only Noah and his family were saved by God's grace. (GEN 6:8). Since God destroyed one world civilization with water, why would He not punish the unsaved souls in Hell fire as He promised?

God's judgment upon His own people Israel for their sin and rebellion against Him is another reason to believe in Hell. God fulfilled the curses given in the Old Testament literally upon Israel when they disobeyed Him. They faced 400 years of slavery in Egypt and 70 years of captivity in Babylon. For rejecting their Messiah, they faced dispersion for 2,000 years and the worst persecution of any nation in history. In their own words, "... His blood [be] on us, and on our children." (MAT 27:25). Anti-semitism, the holocaust and other extreme persecution evidence a fulfillment of their request. Natural calamities such as hurricanes, tornadoes, earthquakes, tidal waves, plagues, diseases, birth defects and other life threatening matters are permitted by a sovereign God. At times they are in fulfillment of His Bible promises of signs in the last days. All of them are either directly or indirectly related to His punishment of human sin.

The detailed future destruction of the earth during the seven-year tribulation period as foretold in

Revelation chapters 6 through 18, promises even greater earthly judgment before the earthly 1,000 year reign of our Lord Jesus Christ. The earth must be purified from the effects of sin before Jesus Christ sets upon the throne of David in Jerusalem to rule the world.

Atrocities of evil men who died without sufficient punishment upon earth, must go to a place like Hell to receive justice. The Bible speaks of degrees of punishment in Hell. Hitler, Stalin, and other such leaders will suffer their just punishment for all eternity. Yes, eternal Hell is as logical as the Christian faith of the Bible!

## Travelogue features China Silk Road

On Thursday, October 15, at 7:30 p.m., the second in the Crawford AuSable School District Community Education Travelogue Series will be presented in the Joseph Stripe Auditorium at Grayling High School. The host will be Raphael Green and the destination will be "The China Silk Road."

The ancient SILK ROAD covered more than 5,000 miles of burning sands, treacherous mountains, and fertile plains. From the old Roman Empire to the feudal kingdoms of China, it fused Eastern and Western cultures. For over 4,000 years it was the main trade route and channel of communication between the Mediterranean and China. The film, "Trekkling the China Silk Road," captures the excitement and romance of exotic places made famous by some of the world's great explorers and conquerors—Marco Polo, Alexander the Great, and King Darius.

For over 30 years, host Raphael Green has been poking around the world in search of adventure and interesting film stories for his travelogue audiences. The emphasis of his films is on the people but he does

not overlook important and historical cities, statues and buildings. Raphael Green has a teaching background and for eleven years was on the Audio-Visual Staff of the University of Minnesota.

Tickets for the travelogue are \$3.50 general admission and \$3 for senior citizens and students. Tickets may be purchased at the door or in advance by calling the Community Education

Office at 348-5459 days, or 348-7641 nights, Monday through Thursdays.

The Community Education Cultural Events series is supported by individual arts patrons as well as the following area businesses: Chemical Bank North, C.F. Fick & Sons, Inc., Grayling Holiday Inn, Grayling Mercy Hospital, GSB, Hospitality House Motel, Mac's Drug Store, Scheer Motors, Inc., Weyerhaeuser Company and the Grayling Hospital for Animals.

### SOME ASSEMBLY REQUIRED

These words labeling a boxed item can bring chills to the spine! Remember the red tricycle...the one which nearly wasn't in time for the birthday party? How about that late Christmas Eve when a good night's sleep was traded for a doll house which would not remain "under construction" beneath the tree on Christmas morning?

Yes, the fact is that you can't get around it. You have to read the instructions, interpret them, and assemble the object at hand one piece at a time.

God has given us instructions...very clear instructions for a beautifully designed life. They are found in the Bible...and abundant interpretation is available. Yet, some assembly is required...at your chosen house of worship each Sabbath.

Begin now. Get it together!

## Doodles From The Tall Timber

Wendell L. Hoover Park Interpreter, Hartwick Pines State Park

The frost of a few days ago did more than make the bracken fern turn brown, it affected the cattails also. You are well aware that the cattail is a plant of the wetlands which serves several purposes. It, along with other plants typically found in wetlands, provides not only a filter system for excess sediment laden water, but food and shelter also.

The muskrat uses the stalks and leaves to build its house, which looks much like a miniature beaver lodge. Once a pond or wetland is frozen over, the muskrat survives by eating the roots

or tubers of the cattail. In the process of digging out the roots, the muskrat helps keep channels and pools clear of plants, which make more open water for other species of wildlife and migrating ducks.

If you are interested, you may also eat the tubers or rootstocks which contain weight-sustaining carbohydrates. After pulling or digging them, scrub and rinse. They may then be eaten raw, baked or even roasted in the coals of a fire. They may also be dried and ground into a white flour which I would recommend you sift to

get out any oversize fibers. The flour may be used to make campfire bread or added to soups.

No matter the uses of the cattail, it usually is the perch favored by the Red-Winged Blackbird who arrives early to sing in the arrival of spring.

### STATE OF MICHIGAN DEPARTMENT OF NATURAL RESOURCES SUPERVISOR OF WELLS NOTICE OF HEARING

Take notice: Pursuant to Act 61 of the Public Acts of 1939, as amended, and the promulgated rules, a hearing will be held before the Supervisor of Wells and the Advisory Board in the city of Lansing, Michigan, on the TWENTIETH DAY OF OCTOBER (October 20) 1992, BEGINNING AT 10:00 A.M. EASTERN DAYLIGHT SAVINGS TIME, IN THE HOLIDAY INN CONFERENCE CENTER, MICHIGAN ROOM, 7501 WEST SAGINAW, LANSING, MICHIGAN, WEST SAGINAW HIGHWAY (M-43) at I-96, BETWEEN LANSING AND GRAND LEDGE, MICHIGAN.

The hearing is for the purpose of hearing evidence and testimony pertaining to the need or desirability of issuing an order in the matter of:

Cause No. 5-10-92

Establishing one 320-acre and two 640-acre Prairie du Chien gas drilling units as an exception to the spacing established pursuant to Special Order No. 1-86, the applicable spacing order. All proposed units are in T25N, R1W, South Branch Township, Crawford County, Michigan, and are described as follows:

A 640-acre unit described as the E 1/2 of Section 17 and the W 1/2 of Section 16. Petitioner proposes to drill the State South Branch #1-16 well, located 990 feet from the north line and 1650 feet from the west line of Section 16.

A 640-acre unit described as the E 1/2 of Section 16 and the W 1/2 of Section 15.

A 320-acre unit described as the W 1/2 of Section 17.

The State South Branch #1-19 Prairie du Chien gas well, drilled on a 640-acre drilling unit consisting of Section 19, established the spacing for the eight continuous 640-acre units. Petitioner asserts there are two separate reservoirs for the proposed State South Branch #1-16 well and the State South Branch #1-19 well. Further, petitioner requests the order of the Supervisor allow a second well on either of the two proposed 640-acre units. Petitioner asserts that establishing the proposed unit for the South Branch #1-16 well will prevent the drilling of unnecessary wells and thus will prevent waste.

The petition is filed in accordance with the

provisions of 1939 PA 61, as amended, MCLA 319.1 et seq. and the promulgated rules. Petitioner: Grace Petroleum Corporation, 6501 North Broadway, Oklahoma City, Oklahoma 73116-8298.

A representative of Petitioner available to discuss this matter is Ms. Patsy Springer, at Petitioner's address, telephone number (405) 840-6836.

Dated: September 28, 1992

R. THOMAS SIGALL, ASSISTANT SUPERVISOR OF WELLS. Questions regarding Notice of Hearing should be directed to Gordon L. Lewis, Geological Survey Division, Department of Natural Resources, PO Box 30256, Lansing, Michigan, 48909, (517) 334-6951.

## Buying a home workshop offered on October 28

Do you feel that you'll never be able to afford a house? Home ownership may not be beyond your means. The Michigan Initiative program helps make it possible for low and moderate income families to qualify for a home mortgage. It provides education about purchasing a home, cuts the down payment requirement to five percent, and offers more flexible qualifying criteria than conventional mortgages. If your family's annual income is below \$46,920 you may qualify.

To learn about the program enroll in a workshop on shopping for and financing a home.

The next workshop will be offered Wednesday, October 28, from 5:30 to 9 p.m. in the basement of the Crawford County Courthouse. A registration form can be picked up at the Crawford County MSU/CES Extension Service office in the basement of the courthouse or call 348-2841 ext. 264 and one can be mailed. **Broken Trust**

Learning to trust all over again  
It's hard to forget just what has been

Something so sacred you held so true  
Burns in the heart like a new tattoo

With no good reason or even a claim  
Your dreams get struck with lightning rain

There's ways around it, I'm sure there are  
With feelings of being away and so far

A broken trust is oh so hard  
It can't be forgotten with just a card

The time it takes to heal the pain  
Is measured by love and not in vain

Everyone deserves those second chances  
But when there are many it's only sad glances

So when it comes down to getting advice  
Trust a broken heart who pays the price

Learning to trust all over again  
You realize your fear will never end.

Adult day care will be provided at Mercy Manor but pre-registration is necessary by calling the Senior Care Network at 1-800-362-3337.

Information and Referral Specialist with the Senior Care Network.

"This program was designed with three goals in mind," said Mrs. Wagner. "First we'll be dealing with the emotional and psychological needs of dealing with an elderly or ill loved one. Feelings such as guilt, burden, and dealing with loss will be beneficial," she said.

"General care tips such as transferring from a bed to a chair, making the occupied bed, and other aids to daily living will be demonstrated," said Mrs. Wagner.

"Nutritional needs of the elderly are an important aspect as well. We hope everyone takes advantage of this program."

Guest speakers will include Arlene Mussakka, L.P.N., Chris Kosciulecki, C.N.A., and Cheryl Melroy, R.D. A fully staffed adult day care will be held in the Mercy Manor Dining Room with certified nurse assistants. You must register for this service because of limited space.

For more information about this special session, call Mrs. Wagner today at 1-800-362-3337.
